

IGNACIO GARCIA DORADO

Current Address: 453B Maple St, West Lafayette, IN, USA
http://www.ignaciogarciadorado.com

Tel: +1 (765) 714-1354
ignaciogarciadorado@gmail.com

Summary

- Ph.D. candidate (ABD) at Purdue University.
 - M.Sc. in Computer Science (Purdue University, U.S.A.).
 - M.Sc. in Computer Engineering (LTH, Sweden).
 - M.Sc. in Electrical Engineering (UPM, Spain).
 - Extensive computer training, including knowledge of multiple languages (C, C++, C#, WPF, Java, Python, Android, WebOS, Perl, OpenGL, Matlab, OpenCV) and operating systems.
 - Formerly, research assistant at U.C. Berkeley, research intern at NVidia, research assistant at McGill University, and software engineer in European Space Agency.
 - Fluent in English and Spanish, good at Swedish, basics in French.
-

Education

Ph.D.	Computer Science Purdue University, IN	2010-Expected 2015
M.Sc.	Computer Science (2 year degree) Purdue University, West Lafayette (U.S.A.) Thesis: "Customizing Imagery to Improve Visual Acuity".	2010-2014
	Computer Science & Engineer (4.5 year degree) LTH Lund University, Lund (Sweden) <ul style="list-style-type: none">• T.I.M.E. (Top Industrial Managers for Europe): Double diploma program.• Thesis: "Focused Crawler: algorithm survey and new approaches with a manual analysis".	2006-2008
	Electrical Engineer (5 year degree) Polytechnic University of Madrid, Madrid (Spain) First year studied in Univ. Carlos III., Madrid (Spain).	2002-2006

Distinctions and Scholarships

- **Schurz Innovation Challenge:** 1st Price. December 2014.
 - **Bilsland Dissertation Fellowship:** 1 year support, 2012. Awarded by *Purdue Univ.*
 - **Purdue Research Foundation Fellowship:** 1 year support, 2012. Awarded by *Purdue Univ. Computer Science.*
 - **Fulbright Scholarship:** 2 year full support, 2010 and 2011. Awarded by the *U.S. Department of State.*
 - **Grand NCE Foundation Grant:** half-year support, 2010. Awarded by the *Canadian Government.*
-

Publications

- **Example-Driven Procedural Roads.** Gen Nishida, Ignacio Garcia-Dorado, Daniel Aliaga. *Computer Graphics Forum (CGF)*, 12 pages, 2015.
- **Total Variation Approach for Customizing Imagery to Improve Visual Acuity.** Ignacio Garcia-Dorado*, Carlos Montalto*, Daniel Aliaga, Manuel Oliveira, Feng Meng. *Proceedings of SIGGRAPH, Los Angeles, USA; also ACM Transaction on Graphics (TOG)* 34:3, Article 28, 13 pages, 2015.
- **Displaying Personalized Imagery for Improving Visual Acuity.** Daniel Aliaga, Carlos Montalto, Ignacio Garcia-Dorado. *U.S. Patent Application 14/646681, filled March 2014, published September 2015. Patent pending.*
- **Designing Large-Scale Interactive Traffic Animations for Urban Modeling.** Ignacio Garcia-Dorado, Daniel Aliaga, Satish Ukkusuri. *Proceedings of Eurographics (EG), Strasbourg, France; also Computer Graphics Forum Journal (CGF)*, 33:2, 10 pages, 2014.

- **Automatic Urban Modeling using Volumetric Reconstruction with Surface Graph Cuts.** Ignacio Garcia-Dorado, Ilke Demir, Daniel Aliaga. *Computer & Graphics Journal (C&G)*, 37:7, 15 pages, 2013.
- **Automatic Modeling of Planar-Hinged Buildings.** Ignacio Garcia-Dorado, Daniel Aliaga. *Proceedings of Eurographics (EG), Girona, Spain*; 4 pages, 2013.
- **Evaluation of Shape Grammar Rules for Urban Transport Network Design.** Basil Vitins, Ignacio Garcia-Dorado, Carlos Vanegas, Daniel Aliaga, Kay Axhausen. *Proceedings of 91st Transportation Research Board, Washington DC*; 19 pages, 2013.
- **Inverse Design of Urban Procedural Models.** Carlos Vanegas, Ignacio Garcia-Dorado, Daniel Aliaga, Paul Waddell. *Proceedings of SIGGRAPH Asia, Singapore*; also *ACM Transactions on Graphics (TOG)*, 31:6, 10 pages, 2012.
- **Fully Automatic Multi-Projector Calibration with an Uncalibrated Camera.** Ignacio Garcia-Dorado and Jeremy Cooperstock. *Proceedings of CVPR Workshop on Projector-Camera Systems (PROCAMS), Colorado Springs, Denver*; 8 pages, 2011.

Experience

Research Assistant

August 2010-Present

Purdue University, West Lafayette (USA)

- **Urban Modeling:** Procedural methods for fast design and edition of 3D urban models:
 - In collaboration with *Prof. Paul Waddell* (U.C. Berkeley), we developed a framework to interactively edit urban models with intuitive high level controls.
 - In collaboration with *Prof. Ukkusuri* (Civil Engineering at Purdue), we developed a fast traffic micro-simulation that allows us to design the traffic of a city.
 - Currently, in collaboration with *Prof. Niyogi* (EAPS at Purdue), we are developing a weather forecast system to be integrated with the city and traffic design framework.
- **3D Urban Reconstruction.** 2012.
- **Urban Vision** is an open source software system (done in collaboration with *Prof. Waddell* from City and Regional Planning, U.C. Berkeley) for visualization of alternative land use and transportation at scales range from metropolitan areas to individual neighborhoods. 2011.

Summer Research Appointment

June-August 2014

U.C. Berkeley, Berkeley (USA)

Research in traffic assignment simulator with GPUs.

Summer Research Intern

May-August 2013

NVidia, Santa Clara (USA)

Research in procedural modeling and new software architecture for future GPUs.

Research Assistant

January-June 2010

McGill University, Montreal (Canada)

- Computer Engineering Department in the Center of Intelligent Machines.
- **Developed** an auto-calibration and auto-brightness multi projector system.

Mobile Software Engineer

November-December 2009

Mobile Snacks Inc., Madrid (Spain)

Developed a Mobile banking application for Android and WebOS.

Software Engineer

July 2008-October 2009

European Space Agency (ESA), ESTEC Noordwijk (Netherlands)

- **Research** in intelligent agents, Android UI, and new features for the ground segment using an *agile software methodology*.
- **Developed** the software to control pico-satellites from an Android device.

Teaching Instructor

UML course for Senior Technicians, Madrid (Spain)

May-June 2008

University Academy, Cartagena99, Madrid (Spain)

Summer 2007

Courses were "UML – Rational Rose", C, C++, Java, Pascal Programming and Math.

Conferences

- **Paper Reviewer:** SIGGRAPH, Computer Graphics Forum, Eurographics, Computer & Graphics Journal, SIMPAT, CGI, ZUSC, and Optical Networks and Systems Symposium.
 - **Presentations at Conferences:**
 - **SIGGRAPH 2015** – Los Angeles, USA, 9-13 August.
 - **Eurographics 2014** – Strasbourg, France, 7-11 April.
 - **Eurographics 2013** – Girona, Spain, 6-10 May.
 - **SIGGRAPH ASIA 2012** – Singapore, Singapore, 28 Nov-1 Dec.
 - **CVPR 2011** – Colorado Springs, USA, 20-25 June.
 - **Additional Conferences Attended:** SIGGRAPH 2012, Los Angeles, USA, 5-9 August; SIGGRAPH 201, Vancouver, Canada, 7-11 August.
-

Computer Skills

- **Software designer:** C++, C, Java, Boost, Qt, C#, WPF, WCF, Python, PHP, XML, XSLT, Motorola ColdFire, Matlab, Perl, Ada95, OpenGL, GLSL, CUDA, OpenCV, PCL, and ARToolKit.
 - **Software Engineer:** Enterprise Architect, Rational Rose, UML, and Mind-Mapping.
 - **Web designer:** Dreamweaver, Tomcat, and Rainbow.
 - **Database:** MySQL, PostgreSQL, Oracle, and Microsoft SQL Server.
 - **Video and Image Editing:** Adobe Premiere, Adobe Photoshop, Gimp, and Paint Shop Pro.
 - **PCB design tool:** Protel.
-

Languages

- **English and Spanish:** Fluent.
 - **Swedish:** Good at reading and writing (6 courses in Sweden).
-

Additional Info

- Board member of the Fulbright Association at Purdue (2011).
 - Student member, ACM and European Association for Computer Graphics (EG).
 - Class delegate and assistant **delegate** of Electrical Engineering at Univ. Carlos III (2002-2003).
 - **Scout** (Scout Movement): “*Scouter*” (a volunteer who works with kids) for three years and member for eight years (1995-2006). Received the Spanish official “Outdoor Activities Instructor” diploma.
